Company profile

Founded in 1900, Legatoria Editoriale Giovanni Olivotto L.E.G.O. S.p.A. holds a leading position in the book printing and bookbinding market.

Thanks to a well-established international presence, the Company boasts a highly diversified customer portfolio and a production organization capable of meeting the most sophisticated requirements of the publishing industry.

In Europe, the L.E.G.O. Group is recognized as a «top player». This success is the result of stable business relationships and long-term collaborations with some of the most prestigious publishing groups. These relationships are further strengthened by the ability to adapt to market dynamics, guaranteeing a consistently high degree of reliability and quality.

The production system represents a model of excellence, supported by continuous technological innovation and highly modernized equipment.

The plants in Vicenza and Lavis (Trento) employ around 700 people, ensuring that remarkable production standards are maintained.

In 2023, the L.E.G.O. Group produced over 72 million copies and recorded a turnover of 109 million euros. These results confirm the solidity of the Group and its ability to maintain a prominent position in the international book production scene.

The L.E.G.O. Group is wholly owned by Holding Olivotto S.p.A.
